We are told: “This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves ...” **2 Timothy 3:1,2**. The perilous times that we live in today has been created by men who are being used by Satan to be “inventors of evil things” (**Romans 1:30**), that has brought “... upon the earth distress of nations with perplexity ...” so that “... Men’s hearts [are] failing them for fear, and for looking after those things which are coming on the earth ...” **Luke 21:25,26**. Ever since the invention of the **Illuminati** in 1776, and its spread like a cancer all over the world in the last three centuries, the world has faced a horrible danger as never before seen, and this danger has added to itself the plot to **genocidally murder millions** of the population of the earth since the early 1900s, to create a manageable **New World Order**. One of the many ways being used by Illuminist conspirators, is the creation of **new deadly viruses** from previously existing harmless ones, to unleash upon the world, to cause **pandemics of death** by the **millions all** over the earth. This deliberate conspiracy is covered by a **false science** of biology which claims that viruses **progressively mutate**, when the real fact of the matter is that new **gene technology** of splicing and recombining has been used since the 1970’s and after to create new deadly viruses. Some examples are: the **HIV** virus that causes **AIDS**, and the **Ebola** virus.

Many thousands of authoritative scientific documents from reputable scientific institutions and universities reveal that these viruses and many other deadly ones were invented in a U.S. lab for the sake of germ warfare, and they are being used for **population reduction** as some of the **elite personalities** have inadvertently revealed. Even the **Chikungunya virus**, once a subject of the U.S. biological warfare program, is listed in a document as one of the viruses in the U.S. arsenal. One document that reveals that the U.S. was experimenting with the **Chikungunya virus** way back in 1981 explains that the infections of 39 of the lab workers with the virus show that it is an **airborne virus**, thus could be contracted **via the aerosol route**. This is the only **credible** explanation for the **rapid spread** of the virus, even though we are being told that it is only spread when a person is bitten by the *Aedes aegypti* mosquito. (Note. To deal with this virus in the **throat**, use **Listerine, original flavor**, to gaggle the passage as low down as possible, and spit it out. To deal with the infection of the virus, use **green Papaya leaves** either **boiled** or **osterised** in water and **drink** the liquid for quick relief from the symptoms in a couple of days).

Just recently, scientists in the U.S. have invented **127 hybrid viruses** from the **H1N1 virus**, and they are all deadly enough to kill **millions**. Another scientist, also in the U.S., invented **another** virus from the H1N1 virus that can avoid the **human immune system** therefore it is now a pandemic causing virus. Together with these, there are about a **dozen** new viruses infecting people in different parts of the earth, all of them invented by man to **kill people** for **population reduction** for the New World Order. (Note. U.S. Army research documents reveal that **nano silver** 10 or 14 parts per million effectively kills the Ebola virus both **in** the human body, and **outside** of it. (A person will want to ensure he has this antidote stored up for use). Our only hope in all this chaos that is a sign that we are in the **final days**, is to be **converted** to God, to be **born again (John 3:3-8)**, and to cast all our cares upon God because He cares for us (**1 Peter 5:7**). Amen.
